Is there anything left for the bloody, quippy "Scream" franchise to say? The knee-jerk reaction would be to reply yes — as long as there are new horror movies, there will be plenty of material for "Scream" sequels to riff on. But after the severely humdrum "Scream 6," it might be time to put Ghostface out to pasture. "Scream 6" has a distinct "going through the motions" vibe that becomes tedious and, worse, boring. It's the most disappointing entry since "Scream 3" ("Scream 4" rules; don't @ me). By the time the main characters gathered around in a circle to once again discuss the rules of surviving a scary movie, I had an overwhelming urge to check my watch and ponder how much longer this would go on. Apparently forever, as long as these movies keep raking in the dough. And I fully expect "Scream 6" to be a hit. It's the latest entry in a popular franchise, and it's selling itself by throwing in a sexy new location: New York City. That's right, Ghostface is ready to take Manhattan! Except he (or she?!) isn't. Taking "Scream" out of small-town Woodsboro isn't a bad idea at all — which is why most of the other sequels already did the same thing. But this isn't just some ordinary location, folks! It's the Big Apple! The city that never sleeps! And yet, save for an admittedly tense, disturbing scene in a bodega and another on the subway, New York is an afterthought here. The characters could really be in any major city and it wouldn't change anything. I'm not saying "Scream 6" had to take the hokey route of making the city a character itself, but why even bother to relocate to NYC if you're not going to do anything novel with that concept? Have Ghostface take in a Broadway show or something. Go nuts!
